TEAM COMPETITION: To promote corporate fitness programs and competition as well as encourage groups of runners and walkers to train together. There will be four categories: corporate, open, masters and family. Here are the details:

Corporate Team Competition
There will be three divisions in this category, which is designed for employees of corporations, business firms and government agencies. One division for corporate teams is for all men, the second division will be co-ed, and the third division is for all women teams. Teams may consist of three to five employees. Team members must be full-time employees (at least 20 hours per week) of the sponsoring organization as of September 9. Organizations may enter more than one team.

Open Team Competition
Running and walking clubs, athletic clubs, civic organizations, neighborhoods, church groups, eating clubs, sporting teams, political groups, etc. may enter any of the division within this category. Any affiliation whatever may enter. Again, one division is for all men, the second division will be co-ed, and the third division is for all women teams. Teams may consist of three to five individuals and organizations may enter more than one team.

Masters Team Competition
There are three divisions within this category. One division is for all men, the second division will be co-ed, and the third division is for all women teams. The master age level for men is 40 years or older and for women 35 years or older. Teams may consist of three to five members.

The Family Challenge
The family category may include any two family members such as: father/daughter, father/son, mother/daughter, mother/son, husband/wife, and sibling/sibling.

Entry
All teams must complete an entry form and all team individual applications must accompany the team applications. The team entry registration fee is $35 per team in the corporate, open, and masters categories. Family entry fee is $15 per team. Team entry fees are tax deductible.

The entry deadline for the receipt of team entries is midnight September 7. Be sure the information regarding team members matches the information submitted on the individual entry forms of those team members. No substitutes after September 7.

Team Scoring
Team scoring will be based on lowest total points. Each member's score will be his/her age group finish place divided by the total number of finishers in his/her age group.
For example: 31 yr. old male finishes 30 in the 30-34 age group. Assume there are a total of 150 finishers in this age group. His score is 30/150 or 0.20.

This scoring factor will be added to the factors of other team members. The total for the top three team members will be the score compared to other teams in the respective team division, i.e. Corporate, Open, and Masters. Family teams will be scored the same way.

Male and female age divisions in the marathon on which team finishing positions will be based include: 19 & under; 20-24; 25-29; 30-34; 35-39; 40-44; 45-49; 50-54; 55-59; 60-64; 65-69; 70-74; 75-79; 80-84; 85-89 & up.

Awards and Results
Special awards will be given in each division of the Corporate, Open, Masters and Family team categories. The number of awards that will be given will depend on the number o f teams that enter. Last year most divisions were five deep. This year we hope to go to 10!

Participant teams will be mailed results and awards after the race. An effort will be made to announce winners at the Post-Race Party.

Participation Award
A special award for the company, group, etc. which has the highest number of teams will also be given. All categories may be included. Teams are encouraged to print a team T-shirt or singlet and invite their fellow employees, friends and family to help as volunteers for the race.
